ABOUT ME

I am a hardworking university student living in Phnom Penh. I have finished my 3rd year of study. I have good English and Khmer communication skills, and I am good at using computers, organizing tasks, and working in a team. I am looking for a full-time or part-time job where I can learn new skills and support your team.

KEY SKILLS

- **Work Skills:** Task organization, time management, problem-solving, and team support.
- **Computer Skills:** Microsoft Office, basic database management, web applications, and fast typing.
- **Languages:** Khmer (Native) and English (Intermediate level at ACE).
- **Personal Traits:** Willing to learn, hard-working, punctual, and reliable.

PRACTICAL EXPERIENCE

Group Projects & Task Leadership

National Polytechnic Institute of Cambodia (NPIC)

- Helped plan group tasks and set clear deadlines for team members.
- Communicated clearly with teammates to make sure work was done on time.
- Solved problems when difficulties came up during project work.

Student Interview Project

Phnom Penh, Cambodia

- Created simple questions to interview students about their school environment.
- Talked with students in both Khmer and English to collect feedback.
- Wrote clean summaries of the interview answers for the final report.
